Once upon a time, a king decided to give a reward to the person who had served his country most. Many people went to the king's palace to watch that. A man brought a gold gun, another brought a box of jewellery and a third an Arab horse to the king. But the king liked other three men the best. The first man was a clever doctor, the second man was a successful teacher and the third was a great scientist who had many discoveries. When the king thought which of the three men to get the reward, a woman came near to him. She told him that those three men are her sons and she came to see who would win the reward. The king, at once, gave the present to the woman because she had given birth to those great men. It was a beautiful big house .
